Art Unit: 2622

1. The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest a method and apparatus for a pulse width modulated display system having combinations as claimed, including the step of altering the actuation state of at least one pulse within at least one pulse width segment to alter the pixel brightness such that the at least one pulse within the at least one segment is altered so as to make nearly equal the total width of pulses becoming actuated within a segment, and the total pulse width becoming de-actuated within the same segment to achieve an incremental change in brightness, as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sherrie Hsia whose telephone number is (571) 272-7347.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Ometz can be reached on (571) 272-7593.
